Williamson, E. B. (Kunderd)								
Tyrian pink, Prim	100	2.00	1.50	1.00	.50			
Witbeck, Mrs. Olney, (Ferris)								
Pure pink. New	12	5.00	4.00	½ doz. at the doz. rate.				

Mrs. Olney Witbeck is described by Mr. Chas. E. F. Gersdorff of Washington D. C. as follows, Eosene pink tips, lightly flecked scarlet, bases of lowers cream white tinted pale rose pink. Rate 97. Color class pure pink. Twelve perfect blooms open at time is not uncommon. As a grower it is one of the best in my collection, smooth clean bulb, extra good foliage with a stock that is strong enough to bear its many blooms upright and is always straight and a good producer. Give it a trial, it will please you.

Tigridia, (Tiger or Shell Flower) can be handled the same as Gladiolus. About 18 inches high producing their showey flowers throughout the summer. Bright crimson, center spotted yellow. Price 10 for 1.00.
